

TECHNICAL DATA SHEET

Application : Freeze Protection & Process Maintenance for In Plant application

Heating Element : Nichrome Wire

Bus Wires : 12-14 AWG Copper

Metallic Braiding : Tinned Copper

Outer Jacketing : FEP/PFA

Voltage Rating : 120, 240 VAC

Max Maint Temp : 90-150 degC

Max Exp. Temp : 250 deg C

Various Wattages : 4/8/12 W/Ft

Area Classification : Suitable for Safe areas as well as Hazardous areas
